Dear Dr. Subba Rao,

I shall be glad, as requested by me already, ~~if~~ you will kindly enquir whether there is any practice in the principal hospitals in Bangalore of admitting relatives of patients as attendants and providing them with food at public expense. The number of attendants so admitted during the years 1935 and 1936 and the approximate cost of diets supplied to them may be kindly ascertained. I herewith send a few diet sheets of Minto hospital as per list enclosed for reference and return.

Yours sincerely,

Med. 276-35-1

Enc. as above

DEAR Mr. Madhava Rao,

After our personal conversation yesterday, regarding the practice in the Hospitals in Bangalore of admitting relatives of patients as attendents, I forthwith wrote to all the Medical Officers to furnish me with details for the year 1936. Enclosed I submit the statements received from each of the Hospitals.

I now find from your D.O. letter of the 15th instant that statistics for the year 1935 are also required, as well as information as to the approximate cost of the diets served to "Attendents". I am collecting the information and shall submit a further report as quickly as possible.

From the enclosed statements it will kindly be observed that most of the so called attendents were either the fathers or mothers of children who could not be kept in Hospitals alone like older patients. In the major Hospitals in the Bangalore City, which attract patients from all parts of the state, facilities of this kind are indispensable.

Diet sheets are herewith returned.

Yours sincerely,

S. Subba Rao.

To

N. Madhava Rao Esqr., B.A., B.L.,

Member of Council, Mysore Government,

Bangalore.

To

The General Secretary with the Govt. of
H.H. the Maharaja of Mysore, Bangalore.

Sir,

With reference to your Memo No.G.8744 dated 24-4-1936 calling for a statement furnishing information about the number of attendants admitted in this hospital, I have the honour to submit herewith a a statement as required therein.

In this connection I may state that the number of attendants admitted with the adult patients is 21 for 1935 and 2 for 1936 up to end of April, which is a small number. Such admissions are done in unavoidable circumstances.

But 257 in 1935 and 123 in 1936 up to the end of April, were admitted as attendants with children on whom the attendats were indispensible in the interest of the patients day and night. The attendan so admitted are usually mothers bringing their children from out-side Mysore city.

I have the honour to be,
Sir,
Your most obedient servant,

J. Seshachalam

For Dubar Surgeon & Medical Officer.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE

Read:-

Correspondence ending with letter No.C.2231-13, dated 23rd July 1936 from the Senior Surgeon in Mysore, forwarding a statement showing the number of attendants on patients admitted in the Major Hospitals in the State during the year 1935 and from 1st January 1936 to 15th April 1936.

Order No. G 1804-6 Med 226-35-5

Dated, Bangalore the 7th September 1936.
14th,

There is, at present, a practice in the State Hospitals of admitting the relatives of inpatients as 'Attendants' in certain cases and providing them with food at the expense of Government. From the information furnished by the Senior Surgeon, it is seen that the number of such attendants admitted during 1935 in the major Hospitals in the Cities of Bangalore, Mysore and the Kolar Gold Fields and in the several District Headquarter Hospitals was 963 and the cost on account of the diet supplied Rs.1,909.

The Senior Surgeon explains that in most of these cases, the persons admitted as attendants were either the father or mother of children who could not be kept alone as inpatients in hospitals and that the provision of a convenience of this kind is found indispensable in the major hospitals in the Bangalore and Mysore Cities which attract patients from all parts of the State.

Government consider that while it may be necessary to admit "Attendants" and provided them with food in extreme cases any undue indulgence in this respect should be strictly avoided. They are accordingly pleased to direct that in future the supply of diet to attendants should be confined to poor persons coming from the mofissil whose constant attendance on a patient is considered by the Medical Officer in charge of a hospital

(P.T.O.)

to be absolutely necessary. In no case should the concession be extended beyond fifteen days.

M. M. C. Sri Ranjahar

for General Secretary to Government.

To

The Senior Surgeon in Mysore.
The Medical Officer, Krishnarajendra Hospital, Mysore
The Comptroller to the Government of Mysore.

Aga/6.

MEDICAL DEPARTMENT.

No. 729

Encl. one Statement.

Minto Ophthalmic Hospital,
Bangalore.

Dated 16th April 1936.

C. 2231-1

OFFICE OF THE SENIOR SURGEON
MYSORE.
16 APR. 1936
CIVIL & MILITARY BANGALORE

From

The Superintendent,
Minto Ophthalmic Hospital,
Bangalore

To

The Senior Surgeon with the Government
of Mysore, Bangalore.

Sir,

With reference to your No. C.2231 Dated 15th April 1936, I have the honor to furnish the information asked for in the accompanying statement and to state as follows : -

A

From 1 - 1 - 36 to end of 15-4-1936 - the total number admitted into the In-patient wards was 808 of whom 60 were noted as " attendants

B

In the Minto Hospital since its establishment 22 years ago it has been the practice to use the terminology " attendants " to persons other than patients who have to be necessarily kept all the time with the patient for one reason or another. It does not necessarily mean a person who is of help to the patient but may in some instances happen to be such. The so called " attendants " were of the following categories.

1. Babies and very small children accompanying poor mothers coming from long distances and with nobody locally.
2. Fathers or mothers (mostly) of babies (often only a few days old) or of small children who had to undergo operations.
3. A few instances of relations of patients who had developed grave bodily or mental conditions during eye treatment

4. In a couple of cases servants of patients who had occupied special paying wards and had been operated.

(N.B. (Item 2 included 8 cases of mothers who had recent child birth and whose babies had developed Gonorrheal Ophthalmia).

C

As the statement shows, most patients concerned with these attendants come from distant places and were destitute. Often they were gosha mohamedan ladies from villages in the interior of the State with nobody locally and accompanied by a small child who became an"attendant".

D

If this information has been sought ~~in the interests of~~ to scrutinise economy in diet, I may ~~inform~~ assure you that the most scrupulous economy is being observed in this institution and the ~~average~~ average cost compares ~~poorly~~ very low with any big institution special or general either within the state or any where in India.

I shall only be too glad to furnish any further information required or any further elucidation of anything doubtful.

I have taken the liberty of furnishing a more detailed statement than was asked for as that - in my opinion, would explain matters better from any point of view.

I have the honor to be,

S i r,

Your most obedient servant,

B Venkatarama Rao 16/4

to the end of 15.4.36 from 1.1.1936 = 801

" attendants" 16

The "attendant" is perhaps misleading & is put on the diet sheets not the primary patient. Very often the "attendant" does not help the patient.

4 were less than one Year old being babies. } These 10 especially (B) had necessarily to remain with their mothers who were patients.
4 were " " 3 Years
2 were " " 9 Yrs (4+9)

23 were fathers or mothers (mostly) who had to remain with their children below 5 years. Some Children were only a few days old.

12 = do = = do = between 5 & 10 years.

16/4/36

Statement showing Attendants admitted on In-patients for three months commencing from January 1936.

Sl No.	Admission number.	Name of Attendant	No. of days dieted.	Reasons for admitting as attendants
1.	267	Chandramma	14	
2.	52	Siddamma	1	
3.	5263	Javaramma	72	
4.	72	Mohamed Alias	4

12.	367	Nagamma	5	
13.	425	Narayanamma	6	
14.	5980	Chandramma	27	* These attendants have been allowed in very special cases particularly in case of children who cannot remain without their parents by their side and who generally take a fright in their absence. Some of the children are so young that they cannot remain without their mothers. In most of the cases they are people coming from moffusils without a home or relatives in Bangalore, with no means of cooking their own food or getting it from Hotel. In fact they are so poor that they have to be clothed temporarily in this Hospital during their stay to keep them clean.
